

Our Mission
Our Vision
Our Goals & Objectives

Our Mission

Act as the central repository for the collection, dissemination, and reporting of data and program experiences generated by youth firesetting behaviors.

Our Vision

Serve as a resource for data and information related to youth set fires.

Our Goals & Objectives

Goal #1 — Collect data relevant to youth fire events.

Objective: Assist in identifying the national scope of the youth fire problem.

Objective: Identify and facilitate communication and expand collaboration with multi-disciplinary database users.

Objective: Maintain a user-friendly database to collect data from YFS events from various agencies and organizations.

Goal #2 — Provide analysis and reporting on the data collected.

Objective: Offer programs to input and receive youth fire data from their respective programs as well as regional and national reports.

Objective: Maintain confidentiality and ensure non-identifying information of the youths involved.

Objective: Offer analysis and reporting to distribute data collected.

Our Goals & Objectives

- Goal #3** — Provide an efficient tool to assist and promote local case management.
- Objective: Encourage programs to comprehensively case manage youth set fire referrals.
- Objective: Include a case management tool to increase participation.
- Objective: Provide the ability to upload past program cases and access reporting from those inputs.
- Goal #4** — Provide training to support the tools developed and support best practices in data collection and program evaluation.
- Objective: Offer easy and accessible 24/7 online training modules to assist in initiating the data base experience.
- Objective: Provide online resource training tools for authorized database users and a dedicated webmaster to assist with technical questions and issues.
- Objective: Establish and support industry standards in the youth firesetting intervention industry.
- Goal #5** — Serve as a resource for information and education about youth firesetting behaviors and data collection resources.
- Objective: Provide analytics addressing the scope of the youth firesetting problem.
- Objective: Provide statistical data and reports as requested.
- Objective: Generate data for inclusion in reports, articles, research, studies, etc., for professional organizations and endeavors by the various disciplines supporting youth firesetting intervention.
- Goal #6** — Use the data, knowledge and experience collected on youth firesetting behaviors to support growth in prevention, intervention, research and evaluation.
- Objective: To support standards within the various disciplines engaged in youth firesetting prevention with project knowledge and experience.
- Objective: To encourage data collection to become standard practice in programs.
