- Solicitation Letter Update

The web site has been up and running with information and links since our last conference call.

Ed forwarded the constant contact sample for review. On Don's computer, the logo sat on top of some text. Ed will review.

The link on the documents takes people to the IAFF Donation page. ....

- Meeting with Tom

Phil met with Tom and Lori Moore at the DC conference. He posed the question about a home for YFIRES outside of IAFF. Lori felt that IAFF or NFPA might not be the best home for YFIRES. Lori also suggested waiting 8-10 months to see how it might fit into NFORS. Phil wasn't clear how to reconcile those two statements.

The meeting with NFPA was the next day (Lori would be attending).

Discussion about whether waiting or moving. IAFF has not taken a position on whether we can or can't yet. Phil will work to communicate with Tom on the issue and perhaps set up a meeting to include Tom and Pat.

Ed will launch constant contact requests for funding as soon as possible.

Don will adjust links on web site.
